

F05G Series Slide Potentiometer

Feature:

- 1.Compact Size
- 2.Smooth Rotation
- 3.Stable Performance

Application:

- Headphones
- Audio

Mechanical Characteristics

Total Sliding Travel	10mm±0.5mm
Operating Force	10~80 gf
Sliding Stopper Strength	minimum 2.5 Kgf.cm
Push-Pull Strength of Handle	Maximally 1.0 Kgf

Endurance Characteristics

Sliding Life	10,000 cycles Min
--------------	-------------------

Electrical Characteristics

Total Resistance	10K±20%
Rated Power	0.025W
Rated Voltage	AC 50V
Sliding Noise	Less than 100 mV
Insulation Resistance	More than 50MΩ
